Trash, recycling and yard waste/composting services have become an essential part of our daily lives. The Washtenaw County Water Resources – Solid Waste Division wants to hear how they impact your life.

Since you are the most important part of our community, we ask a moment of your time for a quick survey. We want to ensure current and future services continue to meet your expectations. The information gathered here will be used as part of the County's Solid Waste Management Planning process.

Complete the survey to be entered to win your choice of a \$50 gift card (3 prizes total): www.surveymonkey.com/r/SWPC2016
